11. The successful tenderer needs to remit interest free security deposit (5 % of the final price/contract value of the Sulphuric Acid Tank). In case there is no liability, the security deposit will be released after getting the non-liability certificate from the respective Manager after the prescribed period based on the certificate.

12. The security deposit shall be forfeited and credited to the company in the event of breach of contractual obligation by the contractor, in terms of relevant contract.

13. The Managing Director of the Corporation has the right to terminate the contract by giving 15 days' notice.

14. The company shall promptly notify the Contractor in writing of any claims arising under the warranty, on receipt of such notice, the Contractor shall arrange to repair or replace the defective goods or parts within 7 days free of cost at Factory. The period for correction of defects in the warranty period is 07 days. If the contractor having been notified fails to remedy the defects within 07 days, the company may proceed to take such remedial action as may be necessary, at the risk and loss of the contractor and expenses and without prejudice to any other rights, which the company may have against the contractor.

15. If the supplier defaults in the supply of all or any of the articles correctly and promptly as above, as per the specifications of the Company, the Company is at liberty to procure the same from elsewhere without cancelling the contract as a whole. If the company incurs in this procuring such materials at a higher cost than the agreed rate, such excess cost shall be deducted by the company from the supplier's bill or adjusted or otherwise realized from his security deposit or recovered from him by legal means including Revenue Recovery proceedings along with all expenses incurred in the alternate purchase including advertisement cost & @10% of administrative expenses as finalized by the Company. If supplier violates the conditions of the contract, if needed the company will blacklist the defaulted supplier from participating in any work of the company.

16. The tenderer shall clearly specify the warranty period offered for the Sulphuric acid Tank and its components.

17. If the date of tender happens to be a holiday, the tender will be opened on the next working day.

18. Bidder agrees that time wherever specified is essence of the contract.
19. If the Sulphuric Acid Tank or its parts supplied by the contractor is found to be substandard, refurbished, un-merchantable or not in accordance with the description/specifications of the company or otherwise faulty, the company will have the right to reject the Sulphuric Acid Tank.
20. If any defective part in Sulphuric Acid Tank is found after installation and/or during warranty period, shall be replaced within 7 days on receipt of the intimation from this office at the cost and risk of contractor including all other charges.
21. The contractor should ensure that the claimed quality parameters of the Sulphuric Acid Tank are achieved after commissioning.
22. Special conditions, if any, written on the tender or attached with the tender will not be applicable to the contract unless they are expressly accepted by the Company in writing.
23. A detailed drawings of the sulphuric acid tank should be given to Corporation before the commencement of work.
24. Any dispute arising out of this contract, all suits or other legal proceedings in connection with any of the matter regarding the supply shall be instituted in the Court at Kottayam only.
